These hotels can be found on your regular hotel booking services. For even more options please visit https://www.ibs.re.kr/eng/sub01-08-03.do

For general navigation, we recommend you to not rely google maps because in Korea it is not always accurate. Naver maps (app) or Kakao maps (app) are better suited even if most of the information is in Korean.

Restaurants

Generally, the **last order in restaurants is around 20h:30**. Some restaurants close a little bit sooner but luckily there are many options. Fast-food like options are usually open until late (Midnight). Around IBS there at least three zones populated with several options:

Ø Inside **Shinsegae Department Store** (a Shopping Mall) there are many options of restaurants both on the basement floor and on the 5th floor. The building **closes at 20h** so many restaurants have last order half an hour earlier. The department store building is **less than 10 min away on foot** and it has the tall **Onoma Hotel tower** as a useful landmark; On the basement level the prices are 10.000 – 20.000 KRW. On the 5th floor the price range can be a bit more expensive but generally between 20.000 – 30.000 KRW.

Ø Within **Smart City**, the neighborhood **east of the Hanbat Tower** (The hat shaped tower in Expo Park) there are many options for western food and Korean restaurants alike **that close between 21h00 and 22h00**. The Smart City neighborhood is **about 15 min away on foot.** The price range of restaurants varies quite significantly. Western food restaurants practice more expensive prices around 20.000-60.000 KRW or more, while smaller Korean places can be as low as 10,000 KRW;

Ø South of the river from IBS, east of the Hanbat Arboretum there are several restaurants about 20 min away. Additionally, further up the main road on the area where the LOTTE cinema is located there are also several options. Closing times vary from 21h00 to 23h00. Price range is roughly within 10.000-20.000 KRW.
